

LIZARD ISLAND

DAY TOUR

The Ultimate Reef Experience

Romantic & Secluded

Pristine & Private

Snorkel all day in the crystal waters which surround the island or relax on one of the pristine beaches.

PHOTOGRAPHY BY GREG LETONDEUR PH 07 4034 9300

Your day at Lizard Island can be as hectic or as relaxing as you want it to be. You can go for walks on the various walking tracks, or for the more adventurous, you can walk to the top of Cook's Lookout. You can spend a full day snorkelling on some of the world's most beautiful reefs like the famous Clam Garden, relax on one of the magnificent beaches, or you can do all three. Whatever you decide to do during Your Very Special day at Lizard, you can be assured you will have an unforgettable experience. The spectacular reef, the unspoilt island in the Coral Sea, the scenic flight over the reef and rainforest combined together make this a very special day.

About Lizard Island - Lizard Island is situated 270 kilometres north of Cairns. The island is 26 kilometres from the mainland and is 1013 hectares. There are twenty three beaches. The island is surrounded by reefs which are teeming with marine life, including hundreds of species of tropical fish and crustaceans, huge green turtles, manta rays, sting rays and at times dugong which occasionally come into Watsons Bay. The Blue Lagoon is situated on the southern side of the island and boasts a magnificent beach which was voted world's best remote beach by Details Magazine in New York in 1999. As can be seen from the photographs overleaf, the waters surrounding Lizard are crystal clear.

Tour Cost is \$740.00 AUD per person and includes lunches, snacks, soft drinks, guide, complimentary hotel pick up, scenic flight to and from Lizard via the Great Barrier Reef and Rainforest and your snorkelling equipment.

*Australia's Great Barrier Reef is approximately 2500km long
consisting of thousands of reefs and tropical islands.
To the West the reef is bordered by rainforests and wet lands which
can only be viewed from an aircraft.
A flight with Daintree Air will give you a full appreciation of the
immensity of this natural theme park.*
